ALL EMPLOYEE SURVEY TO HELP CHART NRCS FUTURE

An important on-line survey regarding the future of NRCS is posted on the Chief's Corner of the my.NRCS Web site. Please take ten minutes to complete this survey by Friday, July 22. The survey asks significant questions about what resource concerns NRCS will tackle over the next 10-20 years and who will be our primary customers. Results from this survey will be used to help formulate a new agency strategic plan. We realize you recently completed an online agency communications survey. This "Future of NRCS" survey is different and asks questions pertinent to future agency resource challenges and opportunities.

To reach this survey you can log on to My.NRCS at <https://my.nrcs.usda.gov/default.aspx> and go to the link just below the Chief's Corner or you can access the site directly at <http://ssiapps.sc.egov.usda.gov/SocialSciences/SP.htm> If you have any problems or feedback, feel free to contact Public Affairs Specialist Ron Francis. He is serving on the NRCS Core Strategic Planning Team that created this survey and will help prepare the final strategic plan scheduled for release early in October.
