

Backup Procedures on Compaq iPAQ 3800-series with storage card

1. Close all active programs before you backup the device.
2. Tap Start > Settings > System > Backup Utility
3. Tap Backup
4. Tap Open > Storage Card
5. Tap Start. During backup don't use the device or remove the storage card. If a "File sharing violation" box appears tap Skip.

Data Restoration Procedures

1. Close all active programs before you restore the device.
2. Tap Start > Settings > System > Backup Utility
3. Tap Restore
4. Tap Open > Storage Card
5. Tap Start. Wait for restore to complete.
