

WA530.01 Available Hydrologic Information

(a) Electronically available information can be found at the following sites

(1) Hydrologic data found on the eFOTG web site for Washington under:

<http://www.nrcs.usda.gov/technical/efotg/>

i. Section 1 – Maps, link to

[Washington State Average Annual Precipitation Map \(PRISM\)](#)

ii. Section 2 – Natural Resources Information

Climatic Data

The Field Office Guide to Climatic Data is as follows:

Introduction

How to Use This Guide

1. Climatic Data Element Descriptions
2. Climate Station Metadata
3. Climatic Element
4. Climate Data Measurement Networks
5. Climate Glossary
6. NWCC Climatic Data Access Network

Temperature and Precipitation Summary (TAPS)

Frost Free Days (FROST)

Growing Season (GROWTH)

Wetlands Determination (WETS)

7. Climatic Data and Conservation Practices.

This information can be accessed at:
