

PART 525 — RESTORATION

WA525.00(a)(4)

WA525.00 General

Engineering design for restoration projects must be the product of a planning process involving a multi-disciplinary team. NRCS planning for restoration work should involve cultural resource specialists, specialists for the various ecological components of the site along with engineering specialists for the targeted restoration work.

WA525.01 Procedures

(a) Engineering procedures for restoration shall follow the NEM policy for:

- (1) NEM 510 PLANNING
- (2) NEM 511 DESIGN
- (3) NEM 512 CONSTRUCTION
- (4) NEM 512 OPERATION AND MAINTENANCE
