USDA Agencies*

Natural Resources Conservation Service (NRCS)

NRCS provides leadership in a partnership effort to help people conserve, maintain and improve our natural resources and environment.

Animal and Plant Health Inspection Service (APHIS)

APHIS provides leadership in ensuring the health and care of animals and plants. The agency improves agricultural productivity and competitiveness and contributes to the national economy and the public health.

Forest Service (FS)

FS sustains the health, diversity and productivity of the Nation's forests and grasslands to meet the needs of present and future generations.

Farm Service Agency (FSA)

The Farm Service Agency implements agricultural policy, administers credit and loan programs, and manages conservation, commodity, disaster and farm marketing programs through a national network of offices.

Rural Development (RD)

RD helps rural areas to develop and grow by offering Federal assistance that improves quality of life. RD targets communities in need and then empowers them with financial and technical resources.
