National Priorities Addressed

Issue Questions	Responses
If the application is for development of a Conservation Activity Plan (CAP), the agency will assign significant ranking priority and conservation benefit by answering “Yes” to the following question. Answering “Yes” to question 1a will result in the application being awarded the maximum amount of points that can be earned for the national priority category.	
1. a. Is the program application to support the development of a Conservation Activity Plan (CAP)? If answer is “Yes”, do not answer any other national level questions. If answer is “No”, proceed with evaluation to address the remaining questions in this section.	Yes <input type="radio"/> or No <input type="radio"/>
Water Quality Degradation – Will the proposed project improve water quality by: (select all that apply)	
2. a. Implementing the practices in a Comprehensive Nutrient Management Plan (CNMP)?	Yes <input type="radio"/> or No <input type="radio"/>
2. b. Implementing the practices in a Nutrient Management Plan (NMP)?	Yes <input type="radio"/> or No <input type="radio"/>
2. c. Reducing impacts from sediment, nutrients, salinity, or pesticides on land adjoining a designated “impaired water body” (TMDL, 303d listed waterbody, or other State designation)?	Yes <input type="radio"/> or No <input type="radio"/>
2. d. Reducing the impacts from sediment, nutrients, salinity, or pesticides in a “non-impaired water body”?	Yes <input type="radio"/> or No <input type="radio"/>
2. e. Implementing practices that improve water quality through animal mortality and carcass management?	Yes <input type="radio"/> or No <input type="radio"/>
Water Conservation – Will the proposed project conserve water by: (select all that apply)	
3. a. Implementing irrigation practices that reduce aquifer overdraft.	Yes <input type="radio"/> or No <input type="radio"/>
3. b. Implementing irrigation practices that reduce on-farm water use?	Yes <input type="radio"/> or No <input type="radio"/>
3. c. Implementing practices in an area where the applicant participates in a geographically established or watershed-wide project?	Yes <input type="radio"/> or No <input type="radio"/>
3. d. Implementing practices that reduce on-farm water use as a result of changing to crops with lower water consumptive use, the rotation of crops, or the modification of cultural operations?	Yes <input type="radio"/> or No <input type="radio"/>
Air Quality - Will the proposed project improve air quality by: (select all that apply)	
4. a. Meeting on-farm regulatory requirements relating to air quality or proactively avoid the need for regulatory measures?	Yes <input type="radio"/> or No <input type="radio"/>
4. b. Implementing practices that reduce on-farm emissions of particulate matter (PM2.5, PM10)?	Yes <input type="radio"/> or No <input type="radio"/>
4. c. Implementing practices that reduce on-farm generated greenhouse gases such as carbon dioxide (CO2), methane (CH4), and nitrous oxide (N2O)?	Yes <input type="radio"/> or No <input type="radio"/>
4. d. Implementing practices that increase on-farm carbon sequestration?	Yes <input type="radio"/> or No <input type="radio"/>
Soil Health:– Will the proposed project improve soil health by: (select all that apply)	
5. a. Reduce erosion to tolerable limits (Soil “T”)?	Yes <input type="radio"/> or No <input type="radio"/>
5. b. Increasing organic matter and carbon content, and improving soil tilth and structure?	Yes <input type="radio"/> or No <input type="radio"/>
Wildlife Habitat – Will the proposed project improve wildlife habitat by: (select all that apply)	
6. a. Implementing practices benefitting threatened and endangered, at-risk, candidate, or species of concern.	Yes <input type="radio"/> or No <input type="radio"/>
6. b. Implementing practices that retain wildlife and plant habitat on land exiting the Conservation	Yes <input type="radio"/> or No <input type="radio"/>

Reserve Program (CRP) or other set-aside program?	
6. c. Implementing practices benefitting honey bee populations or other pollinators?	Yes <input type="radio"/> or No <input type="radio"/>
6. d. Implementing land-based practices that improve habitat for aquatic wildlife?	Yes <input type="radio"/> or No <input type="radio"/>
Plant and Animal Communities: Will the proposed project improve plant and animal communities by: (select all that apply)	
7. a. Implementing practices that result in the management control of noxious or invasive plant species on non-cropland?	Yes <input type="radio"/> or No <input type="radio"/>
7. b. Implementing practice in an Integrated Pest Management Plan (IPM)?	Yes <input type="radio"/> or No <input type="radio"/>
Energy Conservation– Will the proposed project reduce energy use by: (select all that apply)	
8. a. Reducing on-farm energy consumption?	Yes <input type="radio"/> or No <input type="radio"/>
8. b. Implementing practice(s) identified in an approved AgEMP or energy audit, which meet ASABE S612 criteria?	Yes <input type="radio"/> or No <input type="radio"/>
Business Lines – Will the practices to be scheduled in the “EQIP Plan of Operations” result in:	
9. a. Enhancement of existing conservation practice(s) or conservation systems already in place at the time the application is received?	Yes <input type="radio"/> or No <input type="radio"/>

State Issues Addressed

Issue Questions	Responses
1. Will the implementation of prescribe burning, tree and shrub establishment, tree and shrub preparation, herbaceous weed control, or conservation cover in this application result in an improvement of plant condition favoring a native plant community on forestry cut-over sites?	Yes <input type="radio"/> or No <input type="radio"/>
2. In addition to one core practice will at least one supporting practice in this application result in an improvement of plant condition favoring a native plant community on forestry cut-over sites?	Yes <input type="radio"/> or No <input type="radio"/>
3. Does this application include prescribed burning, herbaceous weed control, forest stand improvement (thinning), firebreaks or control of invasive and/or exotic plants on forest stand greater than 6 inches in diameter at least height (DBH) and 45 feet tall to improve degraded plant conditions?	Yes <input type="radio"/> or No <input type="radio"/>
4. In addition to one core practice will at least one supporting practice in this application result in an improvement of forest stands greater than 6 inches in diameter at least height (DBH) and 45 feet tall to improve degraded plant conditions?	Yes <input type="radio"/> or No <input type="radio"/>
5. Will the installed following conservation practices: conservation cover, prescribed burning, tree and shrub planting or forest stand improvement practices benefit wildlife species and habitat of priority conservation concerns defined in the Georgia State Wildlife Action Plan?	Yes <input type="radio"/> or No <input type="radio"/>
6. Does this application include forest trails and landings, tree and shrub establishment, conservation cover, or critical area planting to reduce soil erosion and improvement of soil quality on existing forest stand or cutover forested sites?	Yes <input type="radio"/> or No <input type="radio"/>
7. Will forest trails and landings, tree and shrub establishment, conservation cover, stream crossing or critical area planting be installed to improve water quality degradation and comply with Georgia Best Management Practices Manual for protection of water quality?	Yes <input type="radio"/> or No <input type="radio"/>

Local Issues Addressed

Issue Questions	Responses
1. Has 100% of the woody vegetation been removed from the proposed tree planting site? (Excluding stream management zones.)	Yes <input type="radio"/> or No <input type="radio"/>
2. Will loblolly or slash pine be the only tree planting proposed in this contract?	Yes <input type="radio"/> or No <input type="radio"/>
3. This contract will not include stream crossing, pruning, fence and / or access control.	Yes <input type="radio"/> or No <input type="radio"/>
4. This site does not contain hydric soils or hydric soils will be excluded from the treatment area.	Yes <input type="radio"/> or No <input type="radio"/>
