

Volunteers improve
TODAY *for*
TOMORROW

As a student volunteer you can help preserve natural resources...and help start your career.

Conserving natural resources requires the time, energy, knowledge and talent of many individuals. The Natural Resources Conservation Service (NRCS) would like to make *you* part of *our volunteer team*.

What can ~~you~~ ^{you} benefit from being an Earth Team volunteer 1

- Conduct soil surveys
- Test water quality
- Work on wetland restoration projects
- Assist with field visits
- Perform clerical duties
- Create communications products
- Coordinate and staff events
- Assist with layout of conservation practices
- Work on land reclamation projects
- Develop and present educational materials

How can you benefit from being an Earth Team volunteer 1

- Gain hands-on job experience in the natural resources/conservation career field
- Experience the passion and pride that NRCS staff have when helping landowners
- Give back to the environment and the community while honing valuable skills
- Fulfill and document volunteer requirements
- Practice workplace skills such as teamwork, communication and problem solving
- Build professional résumé experience

Contact your local NRCS office for Earth Team volunteer requirements and opportunities! Or you can contact Melissa Blair, State Earth Team Coordinator at (361) 241-0609 ext. 115
