Batching Number:

Application No:

EQIP is a competitive financial assistance program and applications are screened and ranked based on the expected conservation benefits of planned practices in the EQIP schedule of operations. This screening worksheet must be completed for each eligible applicant applying for financial assistance. Applications are accepted on a continuous basis; however, application batching periods are established for purposes of ranking and funding decisions. A screening worksheet can be processed for each application batching period. The goal of this screening tool is to ensure that conservation technical assistance and EQIP program benefits are managed efficiently to address priority conservation needs. Completion of this worksheet and documentation does not constitute an agreement to provide EQIP program benefits nor approval of a program contract. The original screening worksheet should be filed with the applicant case file or EQIP program file and unless the application is determined to be ineligible, the screening priority (High, Medium, and Low) must be recorded in ProTracts. Upon request, a copy of any completed screening worksheet may be provided to the applicant.

All applications for the Socially Disadvantaged Farmer/Rancher Rangeland EQIP Fund Pool will be considered for veteran priority status before, and regardless of, all other screening criteria.

If Yes, **High Priority**
Status in ProTracts.
If No, continue to the
next section of
screening criteria.

Application screening priority is 'High' if all of the following are true.

1. Applicant is a veteran farmer or rancher (VFR) who served in the United States Army, Navy, Marine Corps, Air Force, and Coast Guard, including the reserve components thereof, and who was discharged or released therefrom under conditions other than dishonorable.
2. The VFR must: a) not have operated a farm or ranch; or b) not have operated a farm or ranch for more than 10 consecutive years.
3. For a legal entity or joint operation to be considered a VFR entity, all members must meet the definition of VFR.
4. Applicant self-certified as a veteran, a beginning and a socially disadvantaged farmer or rancher on the CPA-1200, Conservation Program Application.

Did applicant meet the veteran screening priority?
(check box for yes or no)

Yes:

No:

If the applicant does not meet the criteria as a veteran farmer or rancher then priority will be based on the following screening criteria for Low, Medium and High.

Screening Criteria Questions

If Yes, continue to the
next question.
If No, **Low Priority**
Status in ProTracts.

The applicant has reviewed and approved the EQIP schedule of operations that will be uploaded to the NRCS business tool, ProTracts, before or by the ranking deadline.
